Listing details

Title: BL121DT DL/T645 IEC104 to OPC UA Conversion

Description

Price: \$ 44.00

Description:

Product Description

BL121DT DL/T645-IEC104 to OPA UA gateway is a device or software solution that facilitates the conversion and integration of data between devices using DL/T645 or IEC104 protocols and an OPA UA server.

BL121DT acts as an intermediary, enabling communication and interoperability between DL/T645 or IEC104 devices and an OPA UA-based system. It collects data from DL/T645 or IEC104 devices, translates it into a format compatible with OPA UA, and then transmits it to the OPA UA server. Conversely, it can receive commands or data from the OPA UA server and convert them into DL/T645 or IEC104 formats for communication with the respective devices.

Product features

1. Supports DL/T645, IEC104, OPC UA.
2. Supports connection to up to 50 devices and collection of 4,000 data points.
3. Supports 6 RS232/RS485 optional inputs.
4. It adopts embedded ARM MCU and is a product developed based on Linux OS system.
5. 2 Ethernet ports (WAN port and LAN port).
6. Support WiFi.
7. Support OpenVPN, SNMPV1/V2.

8. It supports routing functions and cascade switch data collection to facilitate the collection of more industrial equipment data. The software has complete functions and covers most common application scenarios.
9. It integrates the humanized configuration interface that BLIIoT adheres to, as well as remote configuration, remote firmware upgrade and other functions. Users only need to make simple settings.
10. It adopts a fastening structure and has a power supply design with anti-reverse connection protection.
11. It adopts BLIIoT's patented rail buckle technology and supports standard DIN35 rail installation and wall-mounted installation.
