Listing details

Title:	BL121PO Multiple PLC Protocol to OPC UA Gateway

Description

Price: $ 42.55

Description:

Product Description

BL121PO PLC protocol to OPC UA gateway can support various PLC protocols, including those used by Siemens, Mitsubishi, Omron, Delta, and other PLC brands. BL121PO can support other PLC protocols used by various manufacturers. It acts as protocol translators, enabling the seamless exchange of data between different PLCs and OPC UA-based systems, regardless of the specific protocols involved.

By converting PLC data into the OPC UA protocol, it becomes possible to monitor and control PLCs remotely using OPC UA-based systems. This allows for greater flexibility and efficiency in industrial automation. BL121PO conversion offers significant advantages for industrial automation, including increased flexibility, interoperability, security, and scalability.

Product features

1. Supports Siemens, Mitsubishi, Omron, Delta, and other PLC protocols, OPC UA.
2. Supports connection to up to 50 devices and collection of 4,000 data points.
3. Supports 6 RS232/RS485 optional inputs.
4. It adopts embedded ARM MCU and is a product developed based on Linux OS system.
5. 2 Ethernet ports (WAN port and LAN port).
6. Support WiFi.
7. Support OpenVPN, SNMPV1/V2.

8. It supports routing functions and cascade switch data collection to facilitate the collection of more industrial equipment data. The software has complete functions and covers most common application scenarios.
9. It integrates the humanized configuration interface that BLIIoT adheres to, as well as remote configuration, remote firmware upgrade and other functions. Users only need to make simple settings.
10. It adopts a fastening structure and has a power supply design with anti-reverse connection protection.
11. It adopts BLIIoT's patented rail buckle technology and supports standard DIN35 rail installation and wall-mounted installation.
