Additional Information:

In a culturally diverse society, miscommunication between colleagues with heavy native accents can occur on a daily basis... I have a 100% guaranteed cost-effective solution! I have devised an Elocution a.k.a Accent Reduction Course which caters to the below mentioned: **FIRST**, the main goal is to focus on accent reduction, not accent elimination, which is technically impossible. I work on reducing areas of their pronunciation and enunciation that make it difficult for native speakers to understand them. **SECOND**, I identify which areas of pronunciation and enunciation give them the most inaudibility; such as, vowel and consonant sounds, word and sentence stress, word reductions, linking, and intonation. **FINALLY**, I give them structured exercises to practice in different situations, because practice makes perfect. Improving your pronunciation will take a lot of patience and commitment, but the end product - your unique, well developed voice - is worth it! **SKYPE LESSONS AVAILABLE** Act now, Contact me today!
