Title: Transport Services, Logistics, Removals, Couriers

Description

Description:
Good Day My name is Johan (JEJ) van Zyl and I am the ceo of Zaks Transportation PTY [Ltd]. After many years with Greyhoud Passenger Transport Services I decided in 2017 to register my own transport company.

My passion is transportation, whether it is goods, passengers or whatever. But that is not where it ends. It is also my vision to partner with other transport companies giving then opportunities to subcontract for Zaks Transport.

So whether you need our services to transport essentials, goods, furniture removals or would like to subcontract for us, then now is the time to contact me. Looking forward to assist you.
