Title:	Yamaha Tyros 5 61-keys arranger workstation
Price:	ZAR 25,950.00

Description:

Yamaha Tyros 5 61-keys arranger workstation

The Yamaha Tyros 5 – 61 is a flagship arranger workstation, designed for musicians who demand exceptional sound quality, powerful features, and total creative control.

At the heart of the Tyros5 is an enormous library of realistic instrument voices, including Super Articulation 2 (SA2), Ensemble Voices, and Audio Styles that incorporate real audio recordings for more expressive backing. Whether you're performing solo or crafting full arrangements, the Tyros5 responds with clarity and detail.

The interface features a 7.5-inch colour screen for easy navigation, and the instrument includes a full suite of studio tools – including audio recording, multi-track sequencing, and real-time controls. Built-in vocal harmony and mic input options make it a complete performance solution.

Connectivity is comprehensive, with USB, MIDI, AUX, and mic input, while the large internal hard drive provides ample space for storage and expansion. From stage to studio, the Tyros5-76 delivers professional results with ease.
