Description

Title: BLIIOT BL234 EdgePLC Industrial Edge Controller

Price: \$ 167.92

Description:

The BL234 EdgePLC series is an industrial edge controller designed for the convergence of real-time control and edge computing. As industrial automation evolves toward “Control + Edge Intelligence,” traditional PLCs often lack computing capability, while industrial PCs struggle with deterministic real-time control.

Quad-core Cortex-A53, modular I/O, and versatile software ecosystem.

Typical Applications:

- Industrial Automation
- Energy Storage (EMS/BMS)
- Photovoltaic Generation
- Data Acquisition
- Rail Transit
- Protocol Conversion
