Description

Description:

From the bustling retail hubs of Johannesburg to the vast agricultural stretches of the Free State, your business moves on the quality of its packaging. At Consort Plastic 2.0 Pty Ltd, we don’t just manufacture plastic; we provide the resilient backbone for your supply chain.

As a premier South African manufacturer, we specialize in high-performance plastic bags, sheeting, and tubing tailored to withstand the rigors of our unique climate and demanding industries.

Our Core Solutions:

Custom Plastic Bags: From heavy-duty industrial sacks to reinforced retail carriers, we produce HDPE and LDPE solutions that prioritize tensile strength and tear resistance.

Versatile Sheeting: Ideal for construction, agriculture, and furniture protection. Our sheeting is available in various micron thicknesses and widths to suit any protective requirement.

Precision Tubing: Perfect for specialized packaging lines, our continuous tubing allows you to customize your bag lengths, reducing waste and optimizing your packing process.

Why Partner With Us?

Local Expertise: We understand the South African market and the importance of reliable delivery timelines.

Sustainability Minded: In line with the latest 2026 environmental standards, we offer recycled material options and eco-friendly additives without compromising on durability.

Custom Specifications: Whether you need UV protection for outdoor storage or specific color-coding for inventory, we manufacture to your exact technical requirements.

Secure Your Supply Chain Today
