Title: Shadow and Sage Tattoo and Piercing

Description

Description:

Shadow & Sage Ink Cafe, Tattoo and Piercing

Shadow & Sage Ink was born from a shared vision, to create a space where alternative souls feel seen, safe and inspired.

What began as a creative concept has evolved into a cosy esoteric studio fully devoted to the art of tattooing and piercing. Every detail in our space is intentional, from the atmosphere to the experience we offer our clients.

We believe body art is more than decoration. It is transformation, expression and autonomy.

As an alternative couple deeply rooted in creative culture, we aim to make every visit fun, safe and unforgettable.

Choosing a tattoo or piercing is a personal ritual, and we take that seriously.

Shadow & Sage Ink is an intimate alternative studio dedicated to intentional body art. We work closely with each client to design pieces that feel authentic, powerful and lasting.

If you are unsure of your design, that is perfectly welcome. Bring your ideas, your references or simply your curiosity. Together we will create something that feels aligned with who you are becoming.
