Title: AMERICAN ACCENT COURSE

Location

Country: South Africa

Additional information

Additional Information:

I developed this course, because I found that many students/artists find it difficult to understand how to produce an American accent which sounds “natural” and not too “over the top”. This course focuses on establishing a neutral American sounding voice, one which is similar in form with New York American Speech. I have trained many actors seeking to broaden their Accent Skills so as to work abroad.
