Description:

This luxury plot is for sale to build an awesome house with views over Cape Town's False Bay with amazing sunset views, mountain views, beach views.

You can even sub-divide it, because it is **2084 sq/m** in size.

You will also note that it is not a steep piece of land, but indeed fairly flat which is rare against the mountains of Gordons Bay.

It is also away from the town centre and more secluded with only 8 properties in Mountain Road. This property is at 3 Mountain Road, Gordons Bay.

Additional Information:

I am the owner of the property and also have a beautiful house for sale at 31 Chapman street, Gordons Bay.

The selling price is R3.75 million Rand for anyone of the two properties.

If agents want to get involved they will have to add their commission to my selling price.
